Hi Alexis –

I wanted to give you the heads up that R8 will be scheduling a meeting for next week with OGC and OW regarding the Climax mine and the waste treatment exclusion. I think you were on a call a while ago regarding this mine. We and the Corps met with the mine on Oct. 6 and the mine subsequently sent the following letter and attachments. So far, we are on the same page generally with the Corps on the JD. (b) (5) - Deliberative, (b) (5) - Attorney-Client

Please let me know if you have any questions – we’re hoping for the end of next week to meet with you and OW. We meet with the Corps on Nov. 19 to discuss our thinking.

Thanks,

Erin

SENT ON BEHALF OF RAY LAZUK

Hello Karen and Lesley:

As we discussed at our October 6 meeting, we are providing the regulatory ELG and permitting material that we referenced as part of our presentation at the meeting. We would be happy to address any questions that remain, and would very much appreciate the opportunity to discuss your conclusions in a meeting or teleconference following your review of this material.
